

MANCHURIAN TO REAM CRIME ACTS MOVE ON CAPITAL OF LEOPOLD-LOEB

PEKING THREATENED BY NEW
WAR DECLARATION

FAMINE'S MENACE TO
IMPERIL SHANGHAI

Hospitals Packed With Wounded and
Streets Filled By Refugees—En-
gagements on All Sectors of Area
Around Shanghai.

Shanghai.—General Chang Tso-
lin, the Manchurian war lord, has
declared war against the Peking
government and General Wu
Peifu, the military dictator of the
province of Chihli.

Shanghai.—Engagements were re-
ported in all sectors, including Chang-
hing, in Chekiang province, about 100
miles southwest of Shanghai, and
Huchachen, in Kiangsu province, on
the west shore of Taihu lake, ninety
miles directly west of Shanghai. But
the major struggle centered on the
small town of Liuhoo, on the seacoast,
barely thirty miles to the northwest
of Shanghai.

The number of casualties continues
out of proportion to the tremendous
amount of fighting. The eyewitnesses
related the haphazard methods on the
front lines, saying that the soldiers
were discharging rifles and even field
pieces, utterly regardless of aiming,
often simply pointing them at the sky.

Lungwha headquarters of the Che-
kiang army claimed new gains along
the railway. Desperate attacks were
aimed at Anting.

Only the meagerest reports were
received of the fighting west and
southwest of Taihu lake, where the
Kiangsu troops were said to be driv-
ing for the Sungkiang-Hangchow rail-
way.

Peking.—A mandate issued by Pres-
ident Tsao Kun, directing Chi Shieh-
yuan, governor of Kiangsu province,
to send an expedition to enforce sub-
mission on the part of Lu Yung-hsien,
governor of Chekiang province, is re-
garded as officially initiating general
civil war in China.

The mandate, which was issued by
President Tsao Kun after a special
meeting of the cabinet, calls attention
to the report to him by Chi Shieh-
yuan that Lu Yung-hsien had re-
volted and rallied around him out-
lawed elements of the population and
that Kiangsu, because of its proximity
to Chekiang, has been obliged to make
defensive plans to protect its fron-
tiers and maintain peace.

REPORT SAYS RICE IS EARLY,
WEATHER FAVORS COTTON CROP

Sacramento.—High lights of the
semi-monthly crop report of E. E.
Kaufman, state and federal agricul-
tural statistician, follow: "The
weather was especially favorable to
rice. Many fields are now being
drained and the rice harvest will be
at least two weeks earlier than usual.
Warm weather the past week favor-
ed the cotton crop. Slight shed-
ding on account of water shortage is
noted in some areas.

"The harvesting of blackeye and
small white beans is now well under
way. Conditions vary considerably,
being good in the irrigated land, but
poor on the non-irrigated."

TEXAS DEMOCRATIC PLATFORM
SCORES KU KLUX KLAN

Austin.—A platform, specifically
denouncing the Ku Klux Klan by
name, was unanimously adopted by
the Democratic state convention here
amid tumultuous applause for its co-
authors, Mrs. Miriam "Ma" Fergu-
son, gubernatorial nominee, and her
husband, James E. Ferguson, im-
peached governor.

The Fergusons gained another vic-
tory in their anti-klan fight when a
resolution was adopted requesting
the resignation of Mrs. J. T. Blood-
worth, national committee woman,
from Texas, because of her alleged
alliance with the klan.

Daughters Elope With "Help"

Lenox, Mass. — Two daughters of
one of the wealthiest and most ex-
clusive families in Lenox with an un-
disputed social position in New York
as well as a joint runaway mar-
riage of the most startling of its
kind society here has known in many
years. The brides are the Misses
Emily Lindall Winthrop and Kate
Winthrop, daughters of Grenville
Lindall Winthrop. The grooms, re-
spectively, are Corey Spur Miels,
chauffeur, and Darwin Lucien Morse,
electrician. Both men were in the
employ of the brides' father.

MUTILATION OF CHAUFFEUR AN-
OTHER "THRILLER"

TAPED CHISEL USED
ON OTHER OCCASIONS

Youthful Taxi Driver Slugged With
Favorite Weapon of "Super-Men"—
Arson and Robbery Fastened on
Rich Criminals.

Chicago.—The twisted mentality of
Nathan F. Leopold, Jr., and Richard
A. Loeb planned and carried out the
mutilation of Charles Ream early in
the morning of November 20, 1923.

This fact was definitely established
by a person close to the defense of
the two boys who, nevertheless, has
never been mentioned by name.

The crime, according to informa-
tion available, was committed for the
same reason that brought death to
Bobby Franks; the same obscure rea-
son that never has been revealed, de-
spite the state's charge that it was
a need for money, and the defense
attempted explanation that it was a
"crime for a thrill."

It was the chisel—the instrument
with which one of the boys dashed in
young Franks' head as he sat in the
tonneau of their touring car—that
proved the connecting link in the
two crimes.

The Ream mutilation had been an
unsolved mystery. Ream was em-
ployed as a cab driver at the time.
At 2 a. m., November 20, 1923, he
drove his cab to a garage and started
to walk home. He noticed a large
touring car drawn up at the curb. As
he came up to the machine, a masked
man stepped out onto its running
board, and threatening him with a
revolver, ordered him into the car.

He remembered that his attackers
were of slight build and that one wore
horn-rimmed glasses.

The man turned to him and said
casually: "I am going to slam you
over the head."

When he regained consciousness
some hours later, he hailed a cab and
was taken to the Chicago hospital.
There a physician found a gland op-
eration had been performed on him.
"Murder at that time did not enter
into their plans," declared the in-
formant. "While they had in mind
the commission of the perfect crime,
the details had not been worked out.
No other crimes than the Franks kill-
ing, the highway robbery, four cases
of arson and the Ream attack can be
attributed to them."

"MISS PHILADELPHIA" BEAUTY
QUEEN—IS, AND UNBOBBED

Atlantic City.—"Miss Philadelphia,"
Miss Ruth Malcomson, was chosen for
the title of "Miss America of 1924"
at the close of the year's Atlantic City
beauty pageant. After her selection
"Miss Philadelphia" was crowned
queen of the pageant, with
which goes possession of the golden
mermaid for one year. "Miss Phila-
delphia," an unbobbed brunette
with a wealth of curls, is 18 years old.
She weighs 132 pounds and has blue-
gray eyes. She won the silver sea
shell as the grand prize for amateur
beauties in the pageant a year ago.

"Miss Columbus," Mary Katherine
Campbell, the "Miss America" of the
past two years, won second beauty
honors. "Miss California," Miss Faye
Lanphier, took third. "Miss Los An-
geles" fourth, while "Miss Manhat-
tan" and "Miss Chicago" tied for
honors.

LIFE AND DEATH DECISIONS
SHOULD GO TO JULY TRIAL

Chicago.—Judge John R. Caverly
holds that the decision of life and
death and the weighing of all testi-
mony submitted in murder trials is
too great a responsibility for a single
man and to save jurists in the future
from facing such a task, he will seek
to change the existing system. "I
wish this case had gone to a jury,"
he said.

A plea for the enactment of a law
requiring three judges to sit in mur-
der cases where a plea of guilty is
entered and jury trial waived will be
made from the bench by Judge Caverly,
September 10, after he pro-
nounces sentence on Richard A. Loeb
and Nathan F. Leopold, Jr., for the
murder of Robert Franks.

Save Infant from Fire

Lodi. — Heroically rushing into a
burning house on the John Weber
ranch, three miles west of this city,
Elvin and Edwin Weber, 12 and 13,
respectively, snatched the infant son
of John Ganbs, employed on the
ranch, from a crib which was already
encircled by flames, and carried him
to safety.

Golden State News of Interest to All

One of the knotty questions before
the mining industry and at which the
twenty-seventh annual convention of
the American Mining congress in Sac-
ramento, the week of September 29,
intends to level its guns is the tax
situation and what to do about it.
The program will include speeches
by some of the best informed men
in the country on the question. Tues-
day afternoon, September 30, will be
given over to a special conference on
taxation, with A. G. Mackenzie, sec-
retary of the Utah chapter of the min-
ing congress, presiding. The speak-
ers and topics listed are: "Taxability
of Distribution by Mining Companies,"
Robert Buchanan, San Francisco;
"Effect of 1924 Revenue Act Upon
Mine Activities," T. O. McGrath, Shat-
tuck-Arizona Mining company, Biz-
bee, Ariz. "Keeping Down the Taxes"
will be the subject of an address by
Paul Shoup, vice-president of the
United States chamber of commerce,
at the convention banquet in the
Hotel Senator on the evening of Oc-
tober 3.

Following are the new heads of
committees of the California Bankers
association, appointed for 1924-25,
as announced in the bulletin of the
association: J. F. Sartori, Los Ange-
les, again heads the legislative com-
mittee as chairman; W. T. Dinsmore,
Riverside, continues as chairman of
the agricultural committee; Russell
G. Smith, San Francisco, is chairman
of committee on education; T. E. Ivey,
Jr., Los Angeles, heads the committee
on standard forms, and George A.
Van Smith, San Francisco, continues
as chairman of the commerce and
marine committee. In addition to the
committees named, President Chan-
dler has appointed the members of the
protective committee, dealing with
the criminal activities of the associa-
tion.

The huge California relief map, 600
feet long, which was unveiled in San
Francisco ferry building, Admission
day, is a California product. The
lumber, the varnish, the metal, the
paint, the scenic effects, the lighting
fixtures and lamps—everything was
grown or made in California. As a
substitute for plaster of paris, the
material usually used in the making
of relief maps, California magnesite
is used. The designers have found
it just as adaptable to their needs and
it dried as hard as stone. The forests
were made of bits of sponge and sea-
weed dyed green and fastened to
sticks. Other greenery is made from
California weeds especially selected
and treated to retain their color.

Arsenate of lead poisoning, believed
to have resulted from spray-impreg-
nated watermelons purchased along
the highway in Oregon, caused the
death of Kenneth Hoehn, 3, and the
serious illness of four other members
of the family of Charles Hoehn of
San Francisco, according to physi-
cians. Reports from health officers
in northern California counties said
that several similar cases have been
observed recently.

A twelve-mile section of the Red-
wood highway, from Crescent City to
the Oregon line on the Grant's pass
road in Del Norte county, is being
improved with federal aid funds under
a contract just awarded by the United
States bureau of public roads. This
section, which will become a part of
the state highway system, is the most
northerly unit of the Redwood high-
way in California.

Along the Trinity river between
Junction City and the Hoopa Indian
reservation, during high water, fine
gold is washed down the stream and
lodges in the moss. Miners pull up
the moss and wash it in a gold pan.
Two miners of Big Bar were fortune-
ate enough to strike a pocket and
wash out \$100 worth of gold in half
an hour.

A break in the ranks of the Los
Angeles Ku Klux Klan and the form-
ing of the Independent Ku Klux Klan,
said to be the result of the refusal
of ex-cyclops of Klan No. 2 to accept
pre-election recommendations, was
effected when the 4,000 members com-
prising Klan No. 2 formed the inde-
pendent organization.

Seven feet of titan tresses won for
Mrs. Lydia McPherson of Los Ange-
les, a \$250 diamond ring as the first
prize in the "long hair contest" at
the California state fair. Mrs. Mc-
Pherson claims the longest hair in
the world.

Newspaper publicity was described
at Los Angeles at the sixth annual
convention of the National Association
of Better Business bureaus as the
most effective medium in the world
for appealing to or informing the
public.

Of chief interest in Ukiah is the
Redwood highway. In 1919 about
45,000 cars passed over it; in 1921 it
was about 65,000. Last year the num-
ber jumped to 158,000, and 1924 prom-
ises to show more than 200,000 cars.

BUSY SESSION OF IMPROVEMENTERS

A busy and interesting session
of the Improvement Club was
held Thursday evening.

Representation being asked by
the San Francisco Down Town
Association, to the ground break-
ing ceremonies for the beginning
of the Bay Shore highway, it was
the consensus of opinion that this
club be represented. President
Kennedy and S. G. Rodeck went
up for the occasion.

Dr. Merrill made a report on
the action of the state health de-
partment concerning certain un-
desirable conditions.

The Club decided to take up the
matter of planting trees along the
west approach to the bridge.

The special clean-up committee
was authorized to print and post
notices concerning the garbage
and rubbish regulations.

President Kennedy gave a re-
port of the Santa Clara County
Consolidated meeting at Los
Gatos and gave members a good
might derive from such an or-
ganization working for the com-
mon good.

C. H. Whitman introduced a re-
solution for the club adopting the
name of Campbell Chamber of
Commerce to conform to the na-
tional movement. On motion by
T. A. Cutting it was voted that a
committee of three be appointed
to take complete charge of Old
Settlers' Day and appoint its own
sub-committees.

It was voted that Campbell con-
duct its own Community Chest
drive this fall. Committees will
soon formulate plans for this cam-
paign.

GRAMMAR TEACHERS IN SESSION TODAY

District Superintendent I. R.
Abbott, of the Campbell Union
grammar school has sent notices
to all his teachers for a meeting
to be called in the grammar school
building at 10.00 o'clock this
morning.

After a conference with the
teachers and the assigning of the
class rooms and the work to each
the remainder of the day will be
spent in outlining their work and
preparing books and material so
that work may begin promptly on
Monday morning.

New pupils are requested to
come to the building between 11
and 12 o'clock and register with
their teachers. They will then
know where to go on Monday and
will save much needless delay.

Parents are urged to start their
children on the opening day of
school and to keep them in school
every day. Many dollars of state
and county funds are lost to the
district to say nothing of the loss
to the child, by poor attendance.
Sickness is the only excuse that
the law permits the teacher to ac-
cept for absence from school. To
make this the best school year
that the child has experienced it
is necessary for him to be in his
place every day.

REOPENING OF CAMP- BELL EVENING SCHOOL

The Campbell evening school
will open Monday evening, Sep-
tember 29. Many plans are now be-
ing made for the year's work.

The Americanization evening
school was established in Camp-
bell last year, with Mrs. Mabel
Keesling as teacher. Much en-
thusiasm was shown during the
year and splendid results were ob-
tained.

There will be a beginner's class
in which the foreigner is taught to
read and write the English lan-
guage, also classes for the inter-
mediates and advanced ones, and
a citizenship class for those pre-
paring to take out their citizen-
ship papers.

The school will be held on Mon-
day, Wednesday and Thursday
evenings, from 7 to 9 o'clock in
the high school annex, (old gram-
mar school) with Mrs. Keesling
as teacher.

KALAS CONCERT FRIDAY, SEPT. 19

The music loving folks of Camp-
bell and vicinity are very much
interested in the concert to be given
by Miss Bozena Kalas, pianist,
and her sister, Miss Helen Kalas,
soprano, assisted by their father,
Jan Kalas, 'cellist one week from
this evening, in the grammar
school auditorium. This concert is
being given at the suggestion of
a number of organizations inter-
ested in the young musicians and
in the fostering of worthy talent
and high aims, notably the Pun-
dita Circle, of which the young
ladies are members; the Country
Woman's Club, and the Men's
Glee Club, led for many years by
Mr. Kalas.

It is being brought home to our
community that we shall miss the
College of the Pacific and the
music which was so readily avail-
able for with the removal of the
conservatory to Stockton will go
some of our most talented musi-
cians. It is therefore a special
privilege that the Misses Kalas are
to favor the town with this con-
cert, as Miss Bozena will be one
of the instructors in the conserva-
tory at Stockton, her duties to be-
gin very shortly.

The young ladies need no in-
troduction to Campbell audiences,
having given on countless occa-
sions with great generosity of
their unusual talents. The coming
concert will prove no less charm-
ing than their previous perform-
ances, in fact they are striving to
give an even more enjoyable pro-
gram, which will appear in full in
next week's "Press."

The following committee are in
charge of the arrangements:

Chairman at large, Mrs. E. I.
Price, assisted by Mrs. E. R.
Smith, President Country Wo-
man's Club; Mrs. L. J. Carboni,
President, Pundita Circle; and
Mrs. E. R. Kennedy.

Decorations, Members of the
Pundita Circle.

Ticket sales: Mrs. C. Berry,
assisted by members of Country
Woman's Club. Tickets will also
be on sale at all the principal places
of business in Campbell.

It is earnestly to be hoped that
everyone who is interested in the
advancement of our community
life along cultured lines, or inter-
ested in the achievements of these
most talented young ladies will
avail themselves of the opportu-
nity to attend this concert and try
to get others to attend. This is
the town's one opportunity to ex-
press in concrete form its appre-
ciation of past musical favors, as
well as to encourage the young ar-
tists.

DEFENSE DAY SPEECHES FROM WASHINGTON, D. C.

Secretary of War. Weeks and
Gen. John J. Pershing will speak
over the radio relayed by K G O,
at 6:15 p. m. The public is in-
vited to listen to these addresses
at the Willard Battery station,
where C. W. Shumway has in-
stalled a powerful magnovox am-
plifier. Remember the date—Fri-
day, September 12, at 6:15 p. m.

Mary Harris Armor, LL. D., of
Eastman, Ga., national lecturer for
the Woman's Christian Temper-
ance Union, will reach San Fran-
cisco on September 12. She will
spend a month in northern Calif-
ornia, speaking on the general
theme of law enforcement, in the
various counties, including Santa
Clara. Mrs. Armor is widely
known as one of the best orators
in the United States, and recently
spent some time in New Zealand,
helping in the fight for prohibi-
tion there.

Squirrels, which have infested the
ranches of Monterey county this
season, are mysteriously disappearing,
attributed to some form of disease,
possibly the bubonic plague. On a
recent trip through the county dead
squirrels were found in the foothills
where no poison had been used for
extermination.

Prominent citizens of Los Gatos,
Saratoga and San Francisco have
perfected plans for the organization of
the Los Gatos-Saratoga Country club.
The construction of the proposed
course will give Los Gatos two of
the finest golf greens in the west.

GRANGERS BOOST FIFTH DAHLIA SHOW

The lecture hour opened at the
Grange on Tuesday evening with
a reading by Mrs. Cooley—"My-
self and Me"—thoroughly enjoyed
by all.

Mrs. Schulte recited "The Man
From Eldorado", and second,
"When the Colored Man Comes
Marching Down the Street," ren-
dered in her usual pleasing and
dramatic manner.

Brother Bohnett entertained the
Grange with his harmonica—fog-
horn—combination, giving a mel-
ody of familiar pieces. After-
wards his dancing figures circled
and whirled on the fog-horn as
the music went on, creating much
amusement.

Several of the standing commit-
tees gave short talks on the con-
dition of crops, markets and cov-
er crops. The prune crop was re-
ported especially good in the vic-
inity of Campbell.

Mr. Woodbury hoped we would
soon be able to have the short
piece of road paved between
Campbell avenue and Los Gatos
road, east of the creek. This
would be a great convenience to
people in the Cambrian and the
Union districts.

Mrs. Shelley read a very inter-
esting paper on "How to Make
Hens Lay." The scheme is to
take your phonograph to the hen
house, where the hens are all
cackling and get a record of their
favorite songs while they are lay-
ing eggs. Then when the biddies
get lazy and forget to lay eggs,
all you have to do is to set the
phonograph going on that cack-
ling record and they will begin to
hunt for the nests.

Mr. Keesling announced that
the Flower Lovers Club would
hold a Dahlia show September 12
and 13, at the Chamber of Com-
merce, San Jose, under the direc-
tion of Mrs. F. R. Hayward, with
Bessie Boston as judge. This is
the fifth annual dahlia show of
Santa Clara county, and is expect-
ed to out-do all previous shows,
which means something grand.
The general public is invited. Ad-
mission free. As one of the broth-
ers said: "A splendid opportunity
to get something good for noth-
ing." Don't forget the date, Fri-
day and Saturday, all day and
evening.

The following persons were
given the first and second degrees:
Mr. and Mrs. C. D. McMurdo,
Mr. and Mrs. E. J. Snow, Mr. and
Mrs. D. A. McQueen, Mr. and
Mrs. I. R. Abbott.

A large attendance is looked for
at the next meeting, September 23,
when the drill team will put on
the third and fourth degree work.

FIREMEN FEAST

Campbell fire department boys
are planning for another of their
enjoyable fellowship feeds Mon-
day evening, September 22. In
the absence of Chief Genasci, as-
sistant chief Sutter appointed as
eats committee, Chas. Shumway,
Sam Smith and Ed Lanz. This
committee is a live one and is al-
ready rounding up chickens for the
treat.

The contest will be held at the
I. O. O. F. banquet hall and all
the boys are looking forward to
the good time promised.

C-W CLUB MONDAY

Monday, September 15, marks
the opening of the year's work for
the Country Woman's Club. The
program committee has arranged
for a patriotic social meeting, and
the hostesses, Mesdames Stray,
Ainsley, Alison, W. C. Bohnett,
Gard and H. W. Morton. A full
attendance is urged for this in-
itial meeting so that the work
may begin with enthusiastic inter-
est. Remember, Monday, at 2:30
p. m. Dues for the years of 1924
and 1925 should be paid at this
time.

High school students should
register for the coming year on
Thursday September 18. The of-
fice will be open from 9 to 4.

A SIMPLE CREED

I am thoroughly convinced that the Golden Rule is practical and that it works both ways —for others and for me.

I respect all the religious creeds and shall not interfere with any man's honest political convictions.

I shall always be square with those who trust me and always fair with those who do not.

I want to live as long as I can be useful to my country, my community and to those who love me.

I firmly believe that selfish interest defeats self-interest—that my permanent profits and lasting satisfaction in success will only come through capable and dependable service.

I would not exchange my friendship for all the currency in the country.

I am unspeakably grateful to my Maker for each and every day that I am permitted to live, and I want so to live that several will really miss me when I take the long, long trail.

Finally: I want so to live that my mother will smile down and still call me her boy.

The man who lets his wife wash the flivver and carry out the ashes is the man who worries most for fear the Japs will get into war with America.

Let no one but the guilty suffer official death in boiling oil! And let no guilty man escape!

Education is the formation of such habits of thought and action as will enable us to live sanely and happily, to know how to make knowledge when we need it, and to be of real service to the community of which we are a part.

An order of the railroad commission reducing rates on steel and iron pipe, effective June 25, was extended until July 10 at the request of the carriers, to adjust tariff sheets. The order restores the classification to practically pre-war basis.

Public opinion in southern and central California is said to be against another state highway bond issue, but favors increasing the gasoline tax one cent per gallon and doubling the state auto license fees.

Love balm of \$10,000 is demanded by Dr. Paul Stanford, 53, retired physician of San Rafael, in a suit on file at San Francisco, involving Sylvester Smith, 21, and Mrs. Stanford, 32.

SAUERKRAUT SALAD

SHE reads the magazines, too, and yet when we asked if she had ever read the ads of The National Kraut Packers' Association, she shook her head.

"No," she said, I don't believe I'm familiar with those advertisements. Show me one."

Better, we'll reproduce a Kraut Association recipe for the benefit of the lady and all folk who read this corner. Here it is:

Stuffed Tomato	Sauerkraut Salad
6 small solid tomatoes	2 tablespoons lemon juice
4 cups sauerkraut	1 tablespoon sugar
6 tablespoons salad oil (olive, corn or cottonseed oil)	1/2 teaspoon salt
	1/2 teaspoon paprika
	Lettuce

Peel the tomatoes, cut off stem end, remove core and seeds. With an egg beater combine the salad oil, lemon juice, sugar, salt and paprika. Add the sauerkraut to the salad dressing thus prepared. Fill the tomatoes with the mixture. Set each tomato on a lettuce leaf. This can be served as a separate salad course or as an accompaniment to a meat course.

It's the lactic acid in kraut that makes it so wholesome. And customers just will keep on insisting that JHN KRAUT is the best brand. Two sizes, 18c and 15c.
